

## Nominate your provider to MultiPlan's networks

Even with the impressive size of our provider networks, we realize that a specific health care provider from whom you want to receive care may not participate. That's why we've made it easy for you to nominate a provider for participation.

Simply visit [www.multiplan.com/kaiser](http://www.multiplan.com/kaiser) and perform a provider search. At the bottom of the search results, you will find a "Nominate a Provider" link.

*Nominate your provider to the nation's largest independently contracted PPO networks.*

How do nominations work?

**Submit.** You supply basic information about the provider, we contact all nominated providers to gauge their interest in joining our networks and then we send an application to all interested providers.

**Track.** You can check the status of your nomination online anytime using one of three criteria: the tracking number you receive when you submit the nomination, the provider's name and state, or your email address.

**Quality Assurance.** All providers, regardless of how they are nominated, must meet MultiPlan's requirements for participation in our networks

If a provider you want to see isn't already a part of our networks, we encourage you to visit [www.multiplan.com/kaiser](http://www.multiplan.com/kaiser) today and submit an online nomination.

**Interpret. Innovate. Inspire.**
